

Katello - Bug #5864

Sync status 'sync' button results in javascript error, no status

05/21/2014 09:10 PM - Justin Sherrill

Status: Closed	
Priority: Normal	
Assignee: Justin Sherrill	
Category:	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1099523	Red Hat JIRA:
Pull request:	
Description	
<p>Clicking the Synchronize Now button for a custom repository in the Sync Status page doesn't give the user any status or even the progress bar that used to show up. Instead, there's no notification that something happened and there's a javascript error seen via Firebug:</p> <pre>TypeError: e is null https://SERVER/assets/application-852248f822f833239bbf953e758c276b.js Line 16</pre> <p>looks like the sync task was started however from the following lines in production.log:</p>
