

Foreman - Bug #5869

Accents etc should be permitted in user first and last names

05/22/2014 10:21 AM - Dominic Cleal

Status:	Closed	Fixed in Releases: Found in Releases: Red Hat JIRA:
Priority:	Normal	
Assignee:	Dominic Cleal	
Category:	Database	
Target version:	1.5.1	
Difficulty:		
Triaged:		
Bugzilla link:	1107676	
Pull request:		
Description Users cannot currently put accents in their first/last names when using Ruby 1.8.7 as the use of :alnum: in the validation doesn't match accents. This appears to work on 2.0.0 at least. Original PR: https://github.com/theforeman/foreman/pull/1387		
Related issues: Related to Foreman - Bug #7548: Cannot use UTF8 characters as a user's login,... Closed 09/19/2014

Hello,

I still can't use accents with 1.5.2-1. LDAP data seems to come as ASCII (but it includes accents!). Any idea?
