### Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1079191
Description of problem:
Katello plugin do not have description and author in Administer -> About -> Plugins

Version-Release number of selected component (if applicable):
Satellite-6.0.3-RHEL-6-20140318.3 (branded compose, but that should not make the difference)

How reproducible:
always

Steps to Reproduce:
1. In webUI check Administer -> About -> Plugins

Actual results:
No description and author.

Expected results:
Description and author should be filled.
