

## Katello - Bug #5948

### Duplicates in a repeater are not allowed while creating chained lifecycle environments

05/27/2014 04:24 PM - Brad Buckingham

##### Revision 85f3d2d7 - 07/17/2014 08:25 AM - Walden Raines

Fixes #5948/BZ1077886: tell alch-alert to track by index instead of value.

The items in ng-repeat are tracked by value by default. This causes the error mentioned in the bugs if there are two items with the same value in the array. This commit tells alch-alert to track the values in the DOM by array index instead of value.
