

Katello - Bug #5975

Visiting the Packages tab for a content host sends the UI into a never ending reload

05/28/2014 08:02 PM - Partha Aji

Status: Closed	
Priority: Normal	
Assignee: Partha Aji	
Category: Web UI	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1101732	Red Hat JIRA:
Pull request:	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1101732	
Description of problem:	
After I registered and subscribed my content host, I used the web UI to see the Packages tab, which then sent the UI into a never ending reload cycle. The URL would be something like https://\$YOUR_SERVER/content_hosts/bdd66d94-7a7b-4a56-a92b-5271afadbc74/packages	
Sadly there's nothing else useful for me to include here but it should be pretty easy to reproduce.

How reproducible:

Steps to Reproduce:

1. Register and subscribe a content host (I used an activation key fwiw)
2. Visit Content Hosts page, select your client and then click the Packages tab
- 3.

Actual results:

Expected results:

Revision b6020fb6 - 05/28/2014 04:06 PM - Partha Aji

Fixes #5975 - Fix for a Content Host UI reload issue

Previously when you went to content hosts page and selected packages or errata links for a content host you'd get multiple reloads. I was caused by a trailing slash. Even though we have code to address / the modules javascript tried to reload with a / version. This commit fixes that issue
