

Katello - Bug #6049

Subscription and repositories pages show Katello in page title

06/03/2014 08:35 PM - Christine Fouant

Status: Closed	
Priority: Normal	
Assignee: Christine Fouant	
Category: Web UI	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1099469	Red Hat JIRA:
Pull request:	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1099469	
1. Select Content -> 'Red Hat Subscriptions' : Title shows katello	
2. Select Content -> 'Red Hat Repositories' : Title shows katello	
++ <u>This bug was initially created as a clone of Bug #965320</u> ++	
Description of problem:	
The page titles (i.e. <title>) are inconsistent with the Katello/Content half of the application.	
On the Katello Dashboard it reads "Red Hat Satellite 6 - Content and Entitlement" (though doesn't appear to change across pages)	
On the Foreman Dashboard it reads "Welcome" (and changes based on the page)	
Version-Release number of selected component (if applicable):	
foreman-1.1.10002-29.noarch	
katello-1.4.2-6.el6sat.noarch	
katello-all-1.4.2-6.el6sat.noarch	
katello-candlepin-cert-key-pair-1.0-1.noarch	
katello-certs-tools-1.4.2-2.el6sat.noarch	
katello-cli-1.4.2-5.el6sat.noarch	
katello-cli-common-1.4.2-5.el6sat.noarch	
katello-common-1.4.2-6.el6sat.noarch	
katello-configure-1.4.3-9.el6sat.noarch	
katello-configure-foreman-1.4.3-9.el6sat.noarch	
katello-foreman-all-1.4.2-6.el6sat.noarch	
katello-glue-candlepin-1.4.2-6.el6sat.noarch	
katello-glue-elasticsearch-1.4.2-6.el6sat.noarch	
katello-glue-pulp-1.4.2-6.el6sat.noarch	
katello-qpuid-broker-key-pair-1.0-1.noarch	
katello-qpuid-client-key-pair-1.0-1.noarch	
katello-selinux-1.4.3-3.el6sat.noarch	
How reproducible:	
Always	
Steps to Reproduce:	
1. Load Katello dashboard and check the title	
2. Load Foreman dashboard and check the title	
Actual results:	
Katello Dashboard reads "Red Hat Satellite 6 - Content and Entitlement"	
Foreman Dashboard reads "Welcome"	
Expected results:	
Similar titles, preferably branded as per the product component names.	

--- Additional comment from Dominic Cleal on 2013-10-02 11:40:02 BST ---

To be handled as a downstream-only patch.

--- Additional comment from Mike McCune on 2013-10-17 21:59:37 BST ---

Moving this to be tested during MDP3, not critical for MDP2 success story

--- Additional comment from Sachin Ghai on 2014-05-13 10:11:00 BST ---

Verified with Satellite 6 Beta Snap 4 (Satellite-6.0.3-RHEL-6-20140508.1)

I checked titles for almost all product component names. And UI shows same as the product component name is. Like if I select 'Sync Plans' the page title shows 'Sync Plans'

However, I found some inconsistency with following three components selection:

1. Select Monitor --> Statistics: In this case Page title should show 'Statistics'

However UI shows: <https://<hostname>/Statistics>

2. Select Content -> 'Red Hat Subscriptions' : Title shows katello

3. Select Content -> 'Red Hat Repositories' : Title shows katello

I think we should make it consistent across all product components.
