##### Revision 56191f50 - 06/06/2014 04:18 PM - dustin tsang

Fixes #6055 - HC add/remove-content-host take uuid

the host-collection command's --system-id option was accepting database ids instead of uuids. This uses the add\_host\_collections/remove\_host\_collections action instead of the AssociatingCommands (which uses the update action). This is a simpler approach than trying to alter/override the behavior of an AssociatingCommand to accept uuids.
