Description of problem: Under CV, when you see the sync'd repository, you will find the sync state as 'finished', this is a hyperlink, and when you click it, it leads to page not found' and link is:	
<a href="https://hostname/katello/sync_management/index">https://hostname/katello/sync_management/index</a>

How reproducible: always	
Steps to Reproduce: 1. create a product/repo and sync it 2. create a cv 3. add the repo to CV and see the sync state 4. click on 'finished' link	
Actual results: The 'finished' link leads to page not found	
Expected results: Either this link should open up the sync status page where that repo is synced or we should show status as string instead of hyperlink.

### Revision a0b7166c - 06/05/2014 07:24 PM - Partha Aji

Fixes #6084, bz 1079161 - Updated sync state link

The following 3 pages were not properly reflecting the sync state and the sync management urls.

- 1) Content View -> Content -> Repositories (both Add/List)
- 2) Product -> Repositories
- 3) Content View -> Content -> Filters -> {filter} -> Repositories

They all said N/A even for completed syncs and the urls pointed to by 'finished' state was incorrect.

They all pointed to [http://&lt;fqdn&gt;/sync\\_management](http://&lt;fqdn&gt;/sync_management) while ideally they should ve been pointing to

[http://&lt;fqdn&gt;/katello/sync\\_management](http://&lt;fqdn&gt;/katello/sync_management)
