Associated revisions

Revision 36f93e4d - 03/17/2011 02:32 PM - Ohad Levy

Fixes #609 - Orchestrate puppetca operations

This also includes adding support for a puppet smart-proxy target type
and providing migration support
Updated to provide backward compatability for host and hostgroup objects
Now terminates the build and incorporates other fixes
Removed bogus host_groups_helper.rb file
This also includes a way to toggle between a smart proxy managed puppet master vs legacy puppetmaster integeration
