<b>Description</b>	
<p>The katello jobs service and I see it's getting removed (<a href="http://projects.theforeman.org/issues/6297">http://projects.theforeman.org/issues/6297</a>), but now the installer fails...</p>

#### History

##### #1 - 06/23/2014 07:58 PM - Justin Sherrill

I am not able to reproduce this issue on nightly with rhel 6 and centos 6. If you are able to reproduce, feel free to ping us on IRC in #katello or #theforeman or reopen this issue with a foreman-debug attached.

Thanks.
