

## Katello - Bug #6428

### "Add-to" and "Remove-from" buttons needs to be disabled when no host-collection was listed/selected

<b>Target version:</b> Katello 2.0	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b> Yes	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1109062	<b>Red Hat JIRA:</b>
<b>Pull request:</b>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1109062">https://bugzilla.redhat.com/show_bug.cgi?id=1109062</a>	
Description of problem: I was trying to perform bulk actions on selected content-hosts and choose "Host collections" tab from "Bulk Actions".	
I found there was no host-collection listed. But "Add-To" and "Remove-From" button were enabled. When I clicked on "Add-To", a confirmation dialog appears too saying:	
Are you sure you want to add the 2 content host(s) selected to the host collection(s) chosen?	
Please see screenshot.	
Since no host-collection was listed/selected, this msg is misleading for this case. So I think both buttons needs to be disabled when no "host-collected was listed/selected.	
Version-Release number of selected component (if applicable): sat6 beta snap9 compose2 (Satellite-6.0.3-RHEL-6-20140612.1)	
How reproducible: always	
Steps to Reproduce: 1. register 2-3 content-host 2. Go to content-host --> select 2-3 and click on "bulk Actions" 3. select "Host-collection" tab 4. Click on "Add-To"	
Actual results: a confirmation dialog appears without selecting host-collection saying:	
Are you sure you want to add the 2 content host(s) selected to the host collection(s) chosen?	
And on clicking yes, UI went into "processing" state with a rotating spinner.	
Expected results: Buttons needs to be disabled, when no host-collection was listed/selected
