

Katello - Bug #6442

Web UI does not offer me the option to clone an existing Content View

06/30/2014 10:23 AM - Brad Buckingham

Status:	Closed	
Priority:	Normal	
Assignee:	Brad Buckingham	
Category:	Web UI	
Target version:	Katello 2.0

Pull request:		

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1090643

Description of problem:

Seems that we no longer expose a "Clone" option for Content Views from the web UI. This was something that existed in the previous releases so I feel that we should not exclude it from the Beta.

Version-Release number of selected component (if applicable):

- rubygem-hammer_cli_katello-0.0.3-16.el6sat.noarch

How reproducible:

Steps to Reproduce:

1. Create a new content view
- 2.
- 3.

Actual results:

There's no option in the UI to clone the content view

Expected results:

Revision d574242e - 07/01/2014 09:58 AM - Brad Buckingham

fixes #6442 / BZ 1090643 - content view - add support for content view copy/clone

This commit contains the changes to support creating a new content view as a copy of an existing view. This is to bring back functionality that was lost during the content view rework. The copy operation will only copy the 'structure' of the content view (e.g. repos, filters, puppet modules, details) and it will not copy the published views, history or tasks.
