Katello - Bug #6449

regression: searching for content hosts by internal database id no longer working

06/30/2014 03:33 PM - Thomas McKay

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:			
Target version:	Katello 2.3.0		
Difficulty:	trivial	**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**	
Bugzilla link:	1114730	**Red Hat JIRA:**	
Pull request:			

Description

Searching for a content host by id has stopped working. This makes links from a host to its virtual guests in the UI return no results. The search like

```
id:1
```

worked until recently.

History

#1 - 06/30/2014 03:34 PM - Thomas McKay

- Category set to 111

- Target version set to 48

#2 - 06/30/2014 03:35 PM - Thomas McKay

- Bugzilla link set to 1114730

#3 - 07/07/2014 09:37 AM - Eric Helms

- Target version deleted (48)

#4 - 07/07/2014 01:27 PM - Eric Helms

- Difficulty set to trivial

- Triaged changed from No to Yes

#5 - 07/30/2014 01:59 PM - Thomas McKay

```
<thomasmckay> walden: ehelms: encountered again during my p-r for bad link is this http://projects.theforeman.
org/issues/6449
<thomasmckay> walden: ehelms: i don't think the issue accurately reflects the problem, however... it's that th
e link on the page to do a search doesn't actually perform the search
<thomasmckay> walden: ehelms: https://thomasmckay.usersys.redhat.com/content_hosts/f3d8cdcb-1b08-478f-ab47-d52
1c9e80351/info?search=id:276%20id:275
<thomasmckay> walden: ehelms: mega corp. that link will work. now go to https://thomasmckay.usersys.redhat.com
/content_hosts/f3d8cdcb-1b08-478f-ab47-d521c9e80351/info and click the "1 Content Host" link on the page
```

#6 - 02/27/2015 01:56 PM - Walden Raines

- Status changed from New to Closed

Cannot reproduce this in master.

#7 - 05/22/2015 09:02 PM - Eric Helms
