| Description Currently redhat products can be deleted from the bulk products page. <ol style="list-style-type: none">1. import a manifest2. enable a repo3. go to products4. check the redhat product5. Click 'bulk actions'6. click 'remove products' | |

Associated revisions

Revision 503d6f3f - 07/08/2014 04:56 PM - Justin Sherrill

fixes #6516 - various product deletion fixes

- Redhat products & promoted products could be deleted under bulk actions api & ui
- Single product delete api allowed redhat & promoted product deletion
- cp_id was being sent up for bulk actions
- error messages were only including a single errored product
- success and error messages were not actually printing
- products were removed from list even if they were not actually deleted
