

Katello - Bug #6527

host collections from all organizations can be associated with activation key

07/08/2014 11:25 AM - Brad Buckingham

Status: Closed	
Priority: Normal	
Assignee: Brad Buckingham	
Category: Activation Key	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1115955	Red Hat JIRA:
Pull request:	
Description Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1115955 Description of problem: it is not required for activation key and host collection to be in the same organization when running "hammer activation-key add-host-collection --host-collection-id ..." WebUI does not require that as well Version-Release number of selected component (if applicable): Satellite-6.0.3-RHEL-6-20140702.0	

Associated revisions

Revision 41a9959b - 07/08/2014 11:29 AM - Brad Buckingham

fixes #6527 / BZ 1115955 - activation keys - filter host collections by organization

When a user requests 'available host collections' for an activation key, it should only show those that are available within the same organization as the activation key being queried for.

Revision e871b816 - 07/09/2014 09:06 AM - Brad Buckingham

Merge pull request #4403 from bbuckingham/issue-6527

fixes #6527 / BZ 1115955 - activation keys - filter host collections by organization
