

Foreman - Bug #6539

When provisioning a new host, missing templates error is not descriptive

07/09/2014 06:11 AM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Lukas Zapletal	
Category: Templates	
Target version: 1.12.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1114612	Red Hat JIRA:
Pull request: https://github.com/theforeman/foreman/pull/2603	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1114612	
Description of problem: When attempting to provision a new host, if you do not have the various templates associated with the correct org/location, you will get a NilClass-type error that is not descriptive.	
Version-Release number of selected component (if applicable): foreman-1.6.0.21-1.el6sat.noarch foreman-compute-1.6.0.21-1.el6sat.noarch foreman-gce-1.6.0.21-1.el6sat.noarch foreman-libvirt-1.6.0.21-1.el6sat.noarch foreman-ovirt-1.6.0.21-1.el6sat.noarch foreman-postgresql-1.6.0.21-1.el6sat.noarch foreman-proxy-1.6.0.9-1.el6sat.noarch foreman-selinux-1.6.0-5.el6sat.noarch foreman-vmware-1.6.0.21-1.el6sat.noarch katello-1.5.0-26.el6sat.noarch katello-ca-1.0-1.noarch katello-certs-tools-1.5.5-1.el6sat.noarch katello-installer-0.0.53-1.el6sat.noarch pulp-katello-0.3-3.el6sat.noarch ruby193-rubygem-foreman_bootdisk-2.0.6-1.1.el6sat.noarch ruby193-rubygem-foreman_discovery-1.3.0-0.1.rc2.el6sat.noarch ruby193-rubygem-foreman_hooks-0.3.5-2.el6sat.noarch ruby193-rubygem-foreman-redhat_access-0.0.4-1.el6sat.noarch ruby193-rubygem-foreman-tasks-0.6.3-2.el6sat.noarch ruby193-rubygem-katello-1.5.0-65.el6sat.noarch rubygem-hammer_cli_foreman-0.1.1-9.el6sat.noarch rubygem-hammer_cli_foreman_tasks-0.0.3-2.el6sat.noarch rubygem-hammer_cli_katello-0.0.4-7.el6sat.noarch	
How reproducible: 100%	
Steps to Reproduce: 1. Set up your Satellite for being able to provision 2. Do not put any kickstart or other templates in your org/location 3. Attempt to provision a host	
Actual results: Unable to save Failed to generate PXELinux template: private method `template' called for nil:NilClass	
Expected results: You should be told specifically what template(s) are missing. Better yet, with an explanation of what to try to do to rectify the issue.
