Target version:	1.6.0	
Difficulty:		Fixed in Releases:
Triaged:		Found in Releases:
Bugzilla link:		Red Hat JIRA:
Pull request:	https://github.com/theforeman/smart-proxy/pull/181	
Description		
The exit codes from executed commands aren't retrieved properly, this can be fixed for Ruby 1.9+.		

Associated revisions

Revision bba6bc03 - 07/11/2014 05:42 AM - Aaron Stone

fixes #6585 - Update Proxy::Util::CommandTask to handle Ruby 1.8 and 1.9+

In this update, use 'true' and 'false' to test \$? return codes 0 and 1, respectively.

In Ruby 1.8.x, the return code from Open3.popen3 is always 0, some errors will not be caught.
