

## Katello - Bug #6646

### promoting a CV to next env when a promotion already ongoing for another env, raised ISE error in production.log

07/16/2014 01:44 PM - Brad Buckingham

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b> Brad Buckingham	
<b>Category:</b> Web UI	
<b>Target version:</b> Katello 2.0	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b> Yes	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1104104	<b>Red Hat JIRA:</b>
<b>Pull request:</b> <a href="https://github.com/Katello/katello/pull/4447">https://github.com/Katello/katello/pull/4447</a>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1104104">https://bugzilla.redhat.com/show_bug.cgi?id=1104104</a>	
Description of problem:	
I created environments for promoting CV's: like	
Library-->dev--> test	
I created a CV and published it to 'Library' env. And later I promoted it to next env "dev". So when the promotion was on-going for "dev", I tried to promote same CV to next env "test". And UI throws following error:	
---	
Required lock is already taken by other running tasks. Please inspect their state, fix their errors nad resume them. Required lock: read Conflicts with tasks: - <a href="https://dhcp207-55.lab.eng.pnq.redhat.com/foreman_tasks/tasks/595cf53f-1daa-4d4a-91ff-d7331eb492e5">https://dhcp207-55.lab.eng.pnq.redhat.com/foreman_tasks/tasks/595cf53f-1daa-4d4a-91ff-d7331eb492e5</a>	
---	
I know that its expected since a promotion is already on-going. But I think we should make the error message more clear?	
OR	
we should disable the promote button when a promotion is already on-going ?	
AND	
In any case, "Internal server Error" shouldn't be thrown in production.log	
Version-Release number of selected component (if applicable):	
sat6 beta sanp7 compose2 (Satellite-6.0.3-RHEL-6-20140528.4)	
How reproducible:	
always	
Steps to Reproduce:	
1. create env for promoting CV's: like	
Library-->dev--> test	
2. create a CV and publish it	
3. Now promote it to next env "dev"	
4. when promotion to "dev" is ongoing, again try to promote and select env "test"	
Actual results:	
UI throws:	
---	
Required lock is already taken by other running tasks. Please inspect their state, fix their errors nad resume them. Required lock: read Conflicts with tasks: - <a href="https://dhcp207-55.lab.eng.pnq.redhat.com/foreman_tasks/tasks/595cf53f-1daa-4d4a-91ff-d7331eb492e5">https://dhcp207-55.lab.eng.pnq.redhat.com/foreman_tasks/tasks/595cf53f-1daa-4d4a-91ff-d7331eb492e5</a>	
---	
500 Internal Server Error in production.log	
Expected results:	
1. In any case, "Internal server Error" shouldn't be thrown in production.log	

2. The raised message should be more clear from end user perspective. Promotion to "env" is already in-progress, please wait until the current promotion is finished..something like this ?
3. The best would be, disable the promote button when a promotion is already on-going ?
