Revision 8354cb37 - 07/17/2014 09:51 AM - Walden Raines

Fixes #6664/BZ1103169: remove incorrect usages of control-width.

The attribute control-width for the directive alch-container-scroll was being used incorrectly in many cases. This attribute should be used for ensuring the element is the full width of the window and is really only applicable for full width tables. This commit removes the incorrect usages of control-width.
