Description	
After installation, I get the admin pw in the terminal:	
"Initial credentials are admin / P4MWhPHETi96FdUA"	
But the password I have to use for admin is still the old "changeme"

- Status changed from New to Need more information

Could you please supply all foreman* package versions you have installed?

#2 - 02/29/2016 04:46 AM - Tomer Brisker

- Status changed from Need more information to Rejected

Seems to work currently. No more information was provided in over a year, assuming this was resolved.
