

Foreman - Bug #6713

Long names needs to be truncated while listing

07/22/2014 04:10 AM - Dominic Cleal

Status: Closed	
Priority: Low	
Assignee: Ori Rabin	
Category: Web Interface	
Target version: 1.6.1	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1121938	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/1646	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1121938	
Description of problem: currently when you create an entity like OS, template, media with long names say 255 characters, UI doesn't truncate them while listing. This actually affects the other fields while listing. Please see attached screenshot for media.	
For now its affecting all foreman entities. So writing this as common bz for all foreman entities. If you want separate bz for other entities, I'll be happy to do that.	
Version-Release number of selected component (if applicable): sat6 GA snap1	
How reproducible: always	
Steps to Reproduce: 1. create Media, OS, template with long names say 255 char 2. 3.	
Actual results: UI doesn't truncate long names	
Expected results: Long names should be truncated while listing
