<b>Pull request:</b> <a href="https://github.com/Katello/katello/pull/4469">https://github.com/Katello/katello/pull/4469</a>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1079953">https://bugzilla.redhat.com/show_bug.cgi?id=1079953</a>	
Description of problem: Deleting user notifications results in Monitor -> Content Dashboard -> Latest Notifications -> More results in strange sequence of pop-up windows	
Version-Release number of selected component (if applicable): Satellite-6.0.3-RHEL-6-20140321.2	
How reproducible: always	
Steps to Reproduce: 1. In webUI go to Monitor -> Content Dashboard -> Latest Notifications -> <some_action> -> More 2. Click "Delete All"	
Actual results: Stream of strange confirmation dialogs and then all rows disappears even when you press "no" in one of them and also they disappear only till you refresh a page.	
Expected results: One confirmation dialog and way to actually delete these. It all should be consistent and when required, rows should be really deleted.	
Additional info: E.g. check workflow in attached screenshot:  1) click "Delete All" 2) Are you sure? - answer OK 3) Are you sure? - answer No 4) Check all rows are gone 5) Refresh the page 6) Some rows are back! (no screenshot for this now)	
Also note text is barely visible in confirmation dialog 2.	
Also note buttons are ordered differentially - "OK" is on the right in step 2) and "Yes" on the left in step 3).	
"OK" and "Yes" is not consistent as well.

Revision 1393c12a - 07/22/2014 11:51 AM - Brad Buckingham

fixes #6719 / BZ 1079953 - Content Notices - fix deletion and list by org

This commit addresses 2 issues w/ the content notices page:  
1. list only the notices associated with the current org  
2. update so that clicking 'Delete All' will render the confirmation dialog
