

Katello - Bug #6821

CV: Clicking on 'Here' link while removing CV version, continuously refreshes the page

07/29/2014 02:14 PM - Walden Raines

Status: Closed	
Priority: Normal	
Assignee: Walden Raines	
Category: Web UI	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1117636	Red Hat JIRA:
Pull request: https://github.com/Katello/katello/pull/449 5	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1117636	
Description of problem: I was trying to remove a CV version from a selected env. While deletion, I found that some of content-hosts are also tied up with same version. So as per UI help tip, I clicked on 'Here' hyperlink and page starts refreshing and keep on refreshing.	
Following log entries generated during refresh in production.log	

Processing by Bastion::BastionController#index as HTML Parameters: {"search"=>"content_view:\\"cv-rhel65-ks\\" AND (environment:\\"Library\\" OR environment:\\"Dev\\")", "bastion_page"=>"content_views", "path"=>"2/versions/2/delete/undefined"}	
Rendered home/_submenu.html.erb (11.4ms)	
Rendered home/_user_dropdown.html.erb (3.4ms)	
Read fragment views/tabs_and_title_records-1 (0.3ms)	
Rendered home/_topbar.html.erb (19.8ms)	
Rendered layouts/base.html.erb (23.1ms)	
Rendered /opt/rh/ruby193/root/usr/share/gems/gems/katello-1.5.0/engines/bastion/app/views/bastion/layouts/application.html.html (28.2ms)	
Completed 200 OK in 57ms (Views: 29.9ms ActiveRecord: 2.9ms)	
--	
Version-Release number of selected component (if applicable): Satellite-6.0.3-RHEL-6-20140626.1, RC beta build	
How reproducible: always	
Steps to Reproduce: 1. create a CV, publish and promote it to next env (e.g. dev) 2. register a content-host with same cv and env 'dev' or create a activation-key that uses same CV version 3. now try to delete the cv version	
Actual results: page starts refreshes as soon as we click on 'Here' hyperlink while removing CV version Please note that it appears at two places, 1) to disassociate content-host 2) to disassociate activation-key from the selected content-view. Please see attached screenshots for more context.	
Expected results: The 'here' hyper link should open the appropriate page

Revision e034e395 - 07/30/2014 02:17 PM - Walden Raines

Fixes #6821/BZ1117636: fix link to activation keys on CV delete page.

The link to manage individual activation keys was incorrectly using `$state.href()`. This commit fixes the usage of `$state.href()` when constructing the activation keys link.
