Katello - Bug #6917

system/host-collection API should take database id rather than the uuid

08/04/2014 11:59 AM - dustin tsang

Status:	Rejected		
Priority:	Normal		
Assignee:			
Category:	API		
Target version:			
Difficulty:	medium	**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:			

Description

- all calls should pass the database id rather than the uuid
- all routes should take the database id
- hammer cli should use the database id

Thanks for reporting this issue. This issue was created over 4 years ago and hasn't seen an update in 1 year. We are closing this in an effort to keep a realistic backlog. Please open up a new issue that includes a link to this issue if you feel this still needs to be addressed. We can then triage the new issue and reassess.
