

Katello - Bug #6942

hammer do not show subscriptions I want to add to activation key

08/05/2014 02:51 PM - dustin tsang

Status:	Closed	
Priority:	Normal	
Assignee:	dustin tsang	
Category:	Hammer	
Target version:	Katello 2.0	
Difficulty:		Fixed in Releases:
Triaged:	Yes	Found in Releases:
Bugzilla link:	1122924	Red Hat JIRA:
Pull request:	https://github.com/Katello/katello/pull/453 2	

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1122924

Description of problem:

hammer do not show subscriptions I want to add to my activation key. Says "no Data" although I see these in webUI with "Default_Organization" selected.

Version-Release number of selected component (if applicable):

Satellite-6.0.4-RHEL-6-20140723.0

How reproducible:

Hammer do not show subscriptions I want to add to activation key

Steps to Reproduce:

1. I have satellite with 2 custom products created
2. I have created new activation key: `# hammer --username <user> --password <pass> \`
`activation-key create --content-view-id MyContentView \`
`--name MyActivationKey --organization "Default_Organization"`
3. List all the subscriptions you can attach to the activation key `# hammer --username <user> --password <pass> \`
`subscription list --organization-id 1`

Actual results:

No data.

When I add these product subscriptions via webUI (where I can see them: Content -> Activation Keys -> MyActivationKey -> Subscriptions -> Add) hammer then lists them:

1. `hammer --username <user> --password <pass> activation-key subscriptions --id 1`

```
-----|-----  
ID          | NAME  
-----|-----  
8a90c1364765d6fc014767fa3df10012 | RHEL  
8a90c1364765d6fc014767f98fe6000b | Sat6  
-----|-----
```

Expected results:

Should list subscriptions for mine 2 products.

Additional info:

1. `hammer --debug --username <user> --password <pass> subscription list --organization-id 1`
