History

#1 - 08/06/2014 04:16 AM - Ivan Necas

For now, we prevent installing pulp node and ipa support on the same capsule, better solution would be to updated the puppet modules to allow doing so.

- translation missing: en.field_release changed from 86 to 114

#6 - 08/28/2019 08:13 PM - John Mitsch

- Status changed from New to Rejected
- Target version deleted (Katello Backlog)

Thanks for reporting this issue. This issue was created over 4 years ago and hasn't seen an update in 1 year. We are closing this in an effort to keep a realistic backlog. Please open up a new issue that includes a link to this issue if you feel this still needs to be addressed. We can then triage the new issue and reassess.
