Revision 26bbb0cd - 08/06/2014 09:32 AM - David Davis

Fixes #6957,BZ1121950 - Using small file upload chunks

Using smaller chunk sizes for file uploads. In production, we're getting 413 responses. It looks like the SSL negotiation (which is limited by SSLRenegBufferSize) is hitting its limit. After some trial-and-error, the limit seemed to be around 5-6 MB so I'm adding in some buffer and using 4 MB.

I'm having this problem uploading rpms. Are you planning on fixing this? TSM client bigger rpms are 124MB and 78 MB.
Regards

#6 - 07/08/2016 04:45 PM - Juan Pablo Lorier

Sorry, I forgot to tell my problem is by the web UI, not hammer.
Regards

#7 - 07/11/2016 12:09 PM - David Davis

Juan, mind opening a new redmine issue with what you're seeing? Make sure to attach the relevant portions of /var/foreman/production.log too.
Thanks!
