Description	
If you do not specify a direction when using the order parameter you will receive the following error message:	
<pre>{"displayMessage":"Cannot sort by ""","errors":["Cannot sort by ""]}</pre>	
We should default to DESC if no direction is supplied.	
Steps to Reproduce	
1. Hit an index URL with ordering such as /katello/api/v2/products?order=name&organization_id=1	
2. Notice above error message
