#### Description

Cloned from [https://bugzilla.redhat.com/show\\_bug.cgi?id=1127576](https://bugzilla.redhat.com/show_bug.cgi?id=1127576)

Description of problem:

Build default PXE menu is an action that modifies data. Therefore the API request shall be a POST request instead of GET request. This makes it also consistent with the `import_puppetclasses` API call that needs a POST request
