| Description | |
| <p>On my RHEL7 system, policy does not load at all. The reason is hidden, because the scriptlet silently continues. We should fail on errors (only relabel should silently work).</p> | |
| <pre>[root@seven policy]# foreman-selinux-enable libsepol.print_missing_requirements: foreman's global requirements were not met: type/attribute co nsoletype_exec_t (No such file or directory). libsemanage.semanage_link_sandbox: Link packages failed (No such file or directory).
