This seems to be breaking foreman-proxy on RHEL6 unless `:puppet_provider: puppetrun` is explicitly set in `/etc/foreman-proxy/settings.d/puppet.yml`

```
E, [2014-08-13T17:26:31.882793 #44503] ERROR -- : Couldn't enable plugin puppet: undefined method `<=>' for
:puppetdir:Symbol:/usr/share/foreman-proxy/lib/proxy/plugin.rb:139:in `<=>'/usr/share/foreman-proxy/lib/proxy/plugin.rb:139:in
`sort'/usr/share/foreman-proxy/lib/proxy/plugin.rb:139:in `log_used_default_settings'/usr/share/foreman-proxy/lib/proxy/plugin.rb:149:in

```

<jsherrill> jmontleo: in ruby 1.8.7 it doesn't look like you can sort symbols?

<jsherrill> irb(main):002:0> [:a, :b, :c].sort

<jsherrill> NoMethodError: undefined method `<=>' for :a:Symbol

<jsherrill> so i'm guessing its parsing those config files and using symbols

<jsherrill> jmontleo: but the proper fix would be to not rely on sortable symbols IMHO

jsherrill> or else explicitly include the Comparable monkey patch
