

## Foreman - Feature #7096

### Partition Tables should just be a kind of Provisioning Templates

#### Description

Ideally partition tables would just be a kind of provisioning template. This way we get taxonomies (organizations mainly) for free.

#### Associated revisions

##### Revision 510d53cd - 06/09/2015 07:22 AM - Marek Hulán

Fixes #7096 - Adds STI to templates

This commit converts Ptables to be just another type of Template so it gets the same features as ConfigTemplate. ConfigTemplate was renamed to ProvisioningTemplate to reflect UI and the name under it's commonly known.
