Revision 2ce5e334 - 08/20/2014 04:03 PM - dustin tsang

Fixes #7140 - product opt missing from cv add repo

This makes product option available in content-view add-repository and remove-repository commands.

product option was missing from content-view add-repository and remove-repository so the user was unable to add/remove repositories since repository is scoped to a product.
