Katello - Bug #7180

setup.rb does not seem to respect the installer's exit code

08/20/2014 11:21 AM - Justin Sherrill

Status:	Rejected		
Priority:	Normal		
Assignee:			
Category:	Installer		
Target version:	Katello Recycle Bin		
Difficulty:	trivial	**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**

Pull request:			

Description

Currently if the installer fails setup.rb will still return with exit code 0 indicating no failure. It should exit with the same code

History

#1 - 12/21/2015 03:30 PM - Eric Helms

- translation missing: en.field_release set to 86

#2 - 02/16/2016 09:26 PM - Eric Helms

- translation missing: en.field_release changed from 86 to 114
