| Pull request: | https://github.com/foreman/foreman/pull/2242 | |
| Description | | |
| Users that do not have the ability to see all users should not be shown the UI toggle to add them to an organization. The same goes for the other resources types (Smart Proxies, Subnets, etc.). | | |
| The user should have edit org and view all users to see the toggle. | | |
