<b>Pull request:</b> <a href="https://github.com/Katello/katello/pull/4648">https://github.com/Katello/katello/pull/4648</a>	

#### Description

Before applying the patch:

1. Clone <https://github.com/thomasmckay/roles-plugin>
2. In katello.rb add

```
gemspec :path => './katello', :development_group => :katello_dev
gemspec :path => './roles-plugin'
```

3. Start development server
4. Navigate to /roles

At this point /roles should take you to the normal Foreman UI page.

After applying patch, and re-starting server, navigation to /roles should produce a different UI based on nutupane.

#### Associated revisions

##### Revision a9da6511 - 09/09/2014 10:41 PM - Eric Helms

Fixes #7394: Stop blocking plugin routes from being loaded properly.

Prior to this change, if a Foreman plugin was declared via bundler after Katello in load order, the routes would not get properly loaded within the application. This meant that these routes were inaccessible, and could lead to intermittent and un-expected behaviors.

##### Revision 78eab6fe - 09/11/2014 01:07 PM - Eric Helms

Merge pull request #4648 from ehelms/fixes-7394

Fixes #7394: Stop blocking plugin routes from being loaded properly.
