Description		
<p>This happens when there is at least one feature in the proxy (such as facts which is by default) and no corresponding feature on foreman features.</p> <p>this leads to a valid error not saving the proxy, but a proper error message is not displayed.</p> <p>steps to reproduce:</p> <ol style="list-style-type: none">1. enable only the facts feature on the proxy2. try to create the proxy in foreman. <p>note there is no error message, yet it fails to save.</p>

- Project changed from Smart Proxy to Foreman
- Category deleted (Smart Proxy)

Moving the bug back to foreman. "Smart-Proxy" project is reserved for bugs in smart-proxy code-base.

#6 - 02/11/2016 07:15 AM - Ondřej Pražák

Well, I kind of have a fix for the proxy side since I found a problem there even though it manifests itself in Foreman:
<https://github.com/xprazak2/smart-proxy/commit/aaf914ed2b400b0257553e3361700c19c21355a2>
Please have a look and advise me on further progress.
