

Foreman - Bug #7560

add :required => true on host fields that have conditional validation if host.managed?

09/21/2014 07:58 AM - Joseph Magen

Status: Closed	
Priority: Normal	
Assignee: Joseph Magen	
Category: Web Interface	
Target version: 1.7.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/1783	
Description	
The New Host defaults to a Managed Host, so the UI should display the following fields as required, since there is no option in the UI to create an unmanaged host.	
architecture_id operatingsystem_id domain_id mac - when a computer resource is selected, this field is hidden anyway
