

Foreman - Bug #803

Hosts created with build checked off should call setBuild

03/29/2011 07:39 PM - Frank Sweetser

Status: Closed	
Priority: Normal	
Assignee:	
Category: Host creation	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Hosts created via the web interface with the build checkbox set will have the build flag in the database set, but none of the other build prep work is done. This patch handles that by explicitly calling setBuild if the build checkbox is set.
