

Foreman - Bug #81

Rake does not import classes from modules when not using the environment statement in puppet.conf

11/17/2009 03:35 PM - Josh Baird

Status:	Closed	
Priority:	Normal	
Assignee:	Ohad Levy	
Category:	Puppet integration	
Target version:	0.1-3	
Difficulty:		Fixed in Releases:
Triaged:		Found in Releases:
Bugzilla link:		Red Hat JIRA:
Pull request:		
Description		
Running "rake puppet:import:puppet_classes RAILS_ENV=production" as root does not import classes from my modules. The only way to get the rake to import modules is to manually specify the modulepath in settings.yaml.		
My /etc/puppet.conf is attached.		

Associated revisions

Revision 6281aac9 - 12/07/2009 06:55 AM - Ohad Levy

fixes #81 - Rake does not import classes from modules when not using the environment statement in puppet.conf

History

#1 - 11/19/2009 05:08 AM - Ohad Levy

- Category set to Puppet integration
- Status changed from New to Assigned
- Assignee set to Ohad Levy
- Target version set to 0.1-3

this happened because the environment setup has changed in 0.25x, there is no need to declare your environments.

#2 - 11/20/2009 03:25 AM - Ohad Levy

- Subject changed from Rake does not import classes from modules to Rake does not import classes from modules when not using the environment statement in puppet.conf

#3 - 12/07/2009 06:57 AM - Ohad Levy

- Status changed from Assigned to Ready For Testing
- % Done changed from 0 to 100

Applied in changeset [6281aac9b3499170cef8a74b65ca04947b8edb64](#).

#4 - 12/08/2009 01:55 PM - Ohad Levy

- Status changed from Ready For Testing to Closed
