Associated revisions

Revision a6db0470 - 06/15/2011 07:03 AM - Paul Kelly

Fixes #820 - Intel Solaris support

Signed-off-by: Paul Kelly <paul.ian.kelly@gmail.com>

Revision 380998ab - 07/11/2011 06:40 AM - Paul Kelly

Fixes #991 - Missing jumpstart files. Refs #820

Signed-off-by: Paul Kelly <paul.ian.kelly@gmail.com>

History

#1 - 04/27/2011 10:10 AM - Paul Kelly

- Status changed from New to Ready For Testing
- Branch set to feature/820-intel-solaris-support-incr

Ohad,
I have broken my Solaris support mega-patch down into 6 commits and pushed them to my github on feature/820-intel-solaris-support-incr
It was not practical to base each commit on develop so they are added incrementally
I have just rebased and tested
I guess that it needs a bit of polishing:-) Please give this a bit of priority as rebasing this sequence of commits is much more difficult than just rebasing a single commit

#2 - 05/05/2011 10:31 AM - Paul Kelly

Changed "flash" to "image" where appropriate
Fixed some minor bugs
rebased and tested

#3 - 05/11/2011 09:29 AM - Paul Kelly

Added a whole lot more of Ohad's suggestions.
Rebased and tested

#4 - 05/18/2011 10:33 AM - Paul Kelly

Tidied up, rationalized and renamed some methods
Rebased and tested

#5 - 05/23/2011 10:13 AM - Paul Kelly

Rebased and tested

#6 - 06/08/2011 04:48 AM - Paul Kelly

Rebased and tested

#7 - 06/09/2011 06:40 AM - Paul Kelly

Rebased and tested

#8 - 06/10/2011 03:48 AM - Paul Kelly

Rebased and tested

Also removed and then rebuilt a brsuc026 as a host-rd-compute node from a flar file. Puppet failed to install ClearCase, but that is another story.

#9 - 06/12/2011 08:53 AM - Ohad Levy

merged it and ran the testing....:(
