Foreman - Bug #8245

Changing to a new host group does not update the operating system in new host form

11/03/2014 09:26 AM - Thomas McKay

Pull request:			

Description

Choosing a hostgroup fills out some of the fields in the new host form. Changing the choice selected, however, does not update the operating system.

Choose hostgroup for rhel5 and OS gets filled in w/ RedHat 5.10. Change hostgroup then to rhel6 and OS is still the old value.
