

Foreman - Bug #855

some non-empty reports are not in interesting reports

04/20/2011 03:11 AM - Yongchao Gao

Status: Duplicate	
Priority: Normal	
Assignee: Trey Dockendorf	
Category: Puppet Reports	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: 1.5.0
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Some reports are not displayed at the interesting reports, such as :	
notice /Stage[main]/Puppet/Cron::Add[cron for foreman]/File[etc/cron.d/puppet]/content content changed '{md5}e440d42c80b638143d86f12ff75be789' to '{md5}d2890be63b02afc9c854e803e828bb87'	
And the applied number of this report is also zero.	
My puppet is 2.6.2, and foreman is 0.2.0

Any chance you could provide an example report?

it would greatly help to understand the issue.

Thanks

#2 - 04/20/2011 07:33 AM - Ohad Levy

also, if you can reproduce this error, does it happen on puppet newer than 2.6.5 ?

#3 - 04/20/2011 10:13 PM - Yongchao Gao

- File 201104210153.yaml added

Thanks for your reply, after upgrading puppet to 2.6.7, this error seems to be disappear.

But i found another problem that the error report is not in interesting reports, the report such as :

```
err Puppet Could not retrieve catalog from remote server: Error 400 on SERVER: Could not find template 'rabbitmq/logrotate/rabbitmq-server.erb'
at /home/flex/puppet/modules/logrotate/manifests/init.pp:12 on node dori.test.com
notice Puppet Using cached catalog
```

#4 - 04/24/2011 12:45 AM - Ohad Levy

- Assignee set to Ohad Levy

- Target version set to 0.3

notice Puppet Using cached catalog
```

Any chance you could provide an example of such report too?

yep, sorry, i thought the report you sent was for the first issue..

#7 - 06/07/2011 03:34 AM - Ohad Levy

- Target version changed from 0.3 to 0.4

#8 - 09/20/2011 04:35 AM - Ohad Levy

- Target version deleted (0.4)

i cant reproduce the problem with the latest foreman version, if this happens again please, upload a broken report file

#9 - 11/15/2012 05:05 AM - Benjamin Papillon

- Status changed from New to Closed

- Target version set to Bug scrub

Hello,

Due to lack of update we are closing this bug.
Please, reopen it if you still have the problem with newer builds.

#10 - 09/14/2014 04:18 PM - Trey Dockendorf

- File Screen Shot 2014-09-14 at 3.13.32 PM.png added

Running Foreman 1.5.0 I just ran into this.

A host's reports show as "no changes" when the actual report contains the following:

```
Could not apply complete catalog: Found 1 dependency cycle: (Anchor[zabbix::agent::end] => Class[Zabbix::Agent] => Zabbix::Agent::Userparameter[mdruid] => File[userparameter_mdruid.conf] => Service[zabbix-agent] => Class[Zabbix::Agent::Service] => Anchor[zabbix::agent::end]) Try the '--graph' option and opening the resulting '.dot' file in OmniGraffle or GraphViz
```

Attached is screenshot showing the report in GUI. This particular error happened across ALL my servers (oops :-X) but the GUI shows all systems as having good reports.

#11 - 09/14/2014 04:26 PM - Anonymous

- Description updated
- Category set to Puppet Reports
- Status changed from Closed to Assigned
- Assignee changed from Ohad Levy to Trey Dockendorf
- Target version deleted (1.1)

as requested in IRC

#12 - 09/14/2014 04:55 PM - Anonymous

- Is duplicate of Bug #3851: Reports with errors on the puppet master side are not shown as failed added

#13 - 09/14/2014 04:55 PM - Trey Dockendorf

- Status changed from Assigned to Closed

Disregard my last comment. I was using theforeman/foreman module v2.1.3 and this issue was fixed in v2.1.4. Updating the puppet module resolved the issue.

#14 - 09/14/2014 04:57 PM - Anonymous

- Status changed from Closed to Duplicate
