Foreman - Bug #9293

Organisation menu doesn't auto-close

Description

Mouse-over the Org menu (beneath the Foreman hat & text) and the menu auto-expands.
Leave the menu and the auto-expand doesn't disappear unless you mouse down directly through the menu, or right into the "Monitor" menu.
Hardly a great issue, but just a bit messy.

Seeing this as still a problem in Foreman 1.8 & Katello 2.2 (both RC2). I see Bug #6408 is showing as closed, but I'm using an Org Name and Location name that are long enough to be giving a lot of scope for this menu to remain on screen.

I saw a Red Hat bugzilla relating to this was closed as WONTFIX. Reading the bugzilla, the menu was fixed as good as it could be.

Is there really nothing that can be done for this?
