

Foreman - Feature #9336

Improve display of fact values when values are long strings

02/11/2015 11:49 AM - Richard Osborne

| Description | |
| <p>We are using custom facts to report on our server estate, for example license keys, UUID values, hardware vendors, etc. There's even a default fact of 'sshdsakey' which is good for demonstrating this feature request.</p> | |
| <p>Example facts might be:</p> | |
| <pre>custom_license=HJDW-JWDD-YAPX-SDWA-WHWW-QSQQ-LEZC-MOOW-ASDA-LPWD custom_uuid=4239A351-1DSB-DD61-E123-1C1AAADFBFF12C-ASD-SDS-WW-DD sshdsakey=AAAAB3NzaC1kc3MsdAAACBAKJ4T9RXu0A1roWJgHkvjQ2ogGN+kScfF3ir+zqZJBDUN6L8jvJGOvI0AvjgHDEc8cp0+pZYJIXYeG/iLbR2wSp7VTR5WsGs8BaNI+Cr3BqBK7y6GujOH9</pre> | |
| <p>Foreman shows about the first 37 or so characters when displaying facts under Monitor -> Facts. However, it's not easy to select the full values of the facts.</p> | |
| <p>When the fact is a long value, could we wrap the text within the cell so that it's displayed within the report and easy to select with a mouse click?</p> | |
| <p>So rather than:</p> | |
| <pre>Host Name Value host1 sshdsakey AAAAB3NzaC1kc3MAAACBAI0lSzUr19SJYxWc...</pre> | |
| <pre>host2 sshdsakey AAAAB3NzaC1kc3MAAACBAI1HmMbcT9x0CpXK5...</pre> | |
| <pre>host3 sshdsakey AAAAB3NzaC1kc3MAAACBAI3q/PnqB8KGE11/B...</pre> | |
| <p>The page might look like:</p> | |
| <pre>Host Name Value host1 sshdsakey AAAAB3NzaC1kc3MAAACBAI0lSzUr19SJYxWcKASDASDSDSDS KSDNSDJNCNSNCDJCNDJNSDWWDDWDWD</pre> | |
| <pre>host2 sshdsakey AAAAB3NzaC1kc3MAAACBAI1HmMbcT9x0CpXKASDWECS CSCS ASDSVDVKOVDOKDVR*u8duvdu88ASCD</pre> | |
| <pre>host3 sshdsakey AAAAB3NzaC1kc3MAAACBAI3q/PnqB8KGE11/BASDASDCSASC ASDSADSDSACS CSCSSACSSCSCSCSCC</pre> | |

Hi,

I'm not sure that this is a duplicate of 9194 - this bug was really about presenting facts with long names in a single web page without the need to drill down on each host.

I've attached two screenshots showing the current and desired state. (Current being Katello 2.2 RC2 / Foreman 1.8.0-1.el7)

Richard.

- Status changed from Duplicate to New

Fair enough, reopened. [#9194](#) only adds a per-item drilldown I think.

#7 - 03/02/2016 09:59 AM - Richard Osborne

Just wondering if this feature might be considered for inclusion in a near term release? It would be really helpful for us to view these long facts in Foreman.
