

Foreman - Bug #936

Editing multiple hosts - only selects the first host in the list.

05/24/2011 12:24 PM - Jeff Palmer

| Description | |
| <p>After clicking on "Hosts" and performing a search based on the criteria I'm looking for:</p> <p>I get a result of 8 hosts.</p> <p>I click "Toggle All" and verify that the hosts are checked. (8 hosts in this particular case)</p> <p>I click "Edit Multiple Hosts" and the following page only shows 1 host.</p> <p>When I apply a new hostgroup to "all" hosts, and go back to the hosts list to confirm, the change is only applied to the one host.</p> <p>TheForeman v. 0.2</p> | |

History

#1 - 05/24/2011 12:39 PM - Ohad Levy

- Category changed from VM management to Web Interface

- Status changed from New to Duplicate

this was already fixed since the release of 0.2.
