Description Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1189575 Description of problem: On Hosts page (All Hosts) when deleting a host on Page 2 or higher, the page refresh after the action returns you to Page 1. Version-Release number of selected component (if applicable): 6.0.7 How reproducible: Always Steps to Reproduce: 1. Select a Host -> All Hosts 2. Navigate to Page N where N > 1. 3. Select a Host 4. Select Delete Actual results: Host is deleted. Result is displayed. You are returned to Page 1 Expected results: Host is deleted. Result is displayed. You are returned to Page N in the approximate location on the page that you were in when requesting the action. Additional info:
