

Foreman - Bug #9517

bulk operations does not work

02/23/2015 03:04 PM - Ohad Levy

Status: Resolved	
Priority: Normal	
Assignee:	
Category: Web Interface	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: Nightly
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
in latest develop branch I'm unable to perform on host bulk operations.	
in the server logs i can see:	
<pre>Started GET "/hosts/multiple_destroy?host_ids=null" for 10.16.196.95 at 2015-02-23 19:35:40 +0000 Processing by HostsController#multiple_destroy as HTML Parameters: {"host_ids"=>"null"}</pre>	
steps to reproduce:	
1. select hosts in the host list	
2. try to bulk delete	
see browser console for trace.

- Category set to Web Interface

I'm unable to reproduce this, I was able to delete one host. Can you try unticking and reticking some hosts as maybe the cookies changed?

#2 - 02/24/2015 04:45 AM - Daniel Lobato Garcia

- Subject changed from bulk operations does not work to bulk operations does not work

I can't reproduce this either, I tried changing the environments of 5 hosts then removing them and it worked well.

#3 - 02/24/2015 04:46 AM - Dominic Cleal

- Status changed from New to Need more information

#4 - 02/24/2015 05:40 AM - Ohad Levy

- Status changed from Need more information to Resolved

indeed, i had to clear my checkbox cookie.

any idea if i did something wrong, vs if others would have to clear the cookie too?
