Foreman - Bug #9558

Build button dialog does not work after editing host

02/25/2015 04:25 PM - Greg Koch

Description

After a host is edited and saved, when you click the Build button on the host the dialog appears but no spinner comes up and no Close/Build buttons appear. If you refresh the page you can retry and the buttons appear as expected. Using Foreman 1.7.2 (with Katello 2.1.1).

Thanks for the report Greg. It looks like this has just been fixed via #8736 for Foreman 1.8, which was a similar issue with the delete host button.
