

## Foreman - Bug #9932

### Setting 'Preallocate disk' flag for oVirt compute profile does not stick

03/27/2015 12:50 PM - Raul Laansoo

- *Tracker changed from Bug to Feature*

Hello, can you elaborate? What you mean by sticking? If you want this setting to be persistent, we don't have this feature yet.

Nice workaround tho is to create Compute Profile with oVirt preconfigured. You can define as many profiles as you want, preallocate setting will be persisted.

##### #2 - 04/09/2015 06:28 AM - Lukas Zapletal

- *Tracker changed from Feature to Bug*

Oh I see it in the subject now. This is a valid bug.

##### #3 - 04/27/2015 08:30 AM - Richard Davis

- *Related to Bug #10276: PreAllocated Disk option is not being retained within Compute Profile (oVirt) added*

##### #4 - 04/28/2015 08:30 PM - Matthew Pullin

Working on this at the moment, have a fix in place that I need to finish testing.

Essentially the setting just isn't being passed from the compute profile DB table into the web UI and the ovirt volume view just sets the checkbox to false automatically, which means that the preallocate flag doesn't exist when you hit submit.
